

SwitchView 1000 16-port
KVM switch

Compact KVM switching designed for **SMB** SERVER ROOMS

SwitchView® 1000 Rack Mount KVM Switches

ADVANTAGES

- Single user, rack mount SwitchView 1000 4, 8 and 16-port switches specifically designed for SMB server rooms
- SwitchView 1000 4 and 8-port switches ship with all the KVM cables you need to fully utilize the switch
- Provides PS/2 and/or USB connectivity for users and target devices
- Uses a three-in-one KVM cable that supports USB or PS/2 target devices
- Simple control through an on-screen menu display
- 2048 x 1536 video resolution supports the most demanding server room applications
- SwitchView 1000 16-port switch model can be cascaded to support up to 256 target devices
- 1U-high design does not compete for valuable rack space in SMB server rooms
- SwitchView 1000 switches are backed by Avocent 2 year warranty and technical support
- Secure access is based on password protection
- Convenient Flash upgrades mean that your SwitchView 1000 switches will never go out of date
